## Marian Apparitions

**Donal Anthony Foley**

This ground breaking book looks at the major approved Marian apparitions of the last five centuries and relates them to important historical moments: the Reformation, the French and Russian Revolutions, the rise of Nazism. These Marian apparitions, and particularly Fatima are not historically unimportant events, but rather follow a preordained plan: they have a crucial role in helping us to see how the modern world, with all its problems, has developed.
