### Father Ignatius Spencer: English Noble and Christian Saint Gerard Skinner

Ignatius Spencer (1799-1864), great, great, great uncle of Princess Diana, renounced his wealth and position in society in order to serve the poor. Wearing the rough black habit of the Passionists, the austere religious order he had joined, he begged his way around the British Isles and beyond. He was welcomed by popes, cardinals, and aristocrats, and loved by the poor and destitute, particularly in Ireland where, even during the Great Famine of 1845-52, he aroused the warmth and admiration of tens of thousands. For some 'a dirty, mad mendicant', for others no less than a saint, today Ignatius Spencer is under consideration for canonization.
